INSTALLATION INSTRUCTIONS FOR ZIP CLEAN BOLSTER COVERS

GENERAL PRODUCT INFORMATION

Studies show that a wet-soap decon can reduce cancer causing contamination on gear by up to 85%.* Zip Clean seats are designed with covers that can be zipped off, machine washed and hung to dry. Covers are made with Durawear Plus™ material which has a waterproof backing, dries quickly, and is puncture and tear resistant. In addition, Zip Clean seats utilize a Foam Block™ encapsulated barrier which reduces the absorption of gases into the seat. Encapsulated foam can be wiped clean, further supporting the cleanability of the product.

DOCUMENT PURPOSE

The purpose of this document is to illustrate how to remove and replace Zip Clean bolster covers. It is important that the installer read and understand all safety information and instructions before starting the installation procedure.

SAFETY INFORMATION

⚠ DANGER indicates a hazardous situation which, if not avoided, **WILL** result in death or serious injury.

⚠ WARNING indicates a hazardous situation which, if not avoided, **COULD** result in a death or serious injury.

⚠ CAUTION indicates a hazardous situation which, if not avoided, **COULD** result in minor or moderate injury.

NOTICE is used to address practices not related to physical injury.

SAFETY INSTRUCTIONS (or equivalent) signs indicate specific safety related instructions or procedures.

PARTS LIST

8083-12XXX: KIT BOLST CVR (6513U) ABTS ZIP CLN

Item No.	Description	Qty
1	CVR UPPER BOLST ABTS ZIP	2

TOOLS REQUIRED

None

DEFINITION OF TERMS

1. Hook and Loop.

Figure 1

SCBA BOLSTER COVER REMOVAL
