

SERIAL LABEL GUIDE

GENERAL PRODUCT INFORMATION

The serial label provides valuable information to identify seat components specific to the seat as it was built on a specific date. This is important to correctly identify replacement parts for service and gives a detailed history of the seat.

DOCUMENT PURPOSE

The purpose of this document is to define locations for serial label placement on SCBA and non-SCBA seats.

SAFETY INFORMATION

- ! DANGER** indicates a hazardous situation which, if not avoided, WILL result in death or serious injury.
- ! WARNING** indicates a hazardous situation which, if not avoided, COULD result in a death or serious injury.
- ! CAUTION** indicates a hazardous situation which, if not avoided, COULD result in minor or moderate injury.

NOTICE is used to address practices not related to physical injury.

SAFETY INSTRUCTIONS (or equivalent) signs indicate specific safety related instructions or procedures.
